

# Pad printing machine with automatic pad cleaning

Precision  
engineered for  
superior quality  
printing

**X-Y-R Cliche Holder**

**Viscomatic**

**Automatic  
pad cleaning**

- Easy set-up and change-over
- Fully integrated automatic pad cleaning
- Fully-automatic ink viscosity control (optional)
- Built with first class components for long life
- Worldwide service and support

**microPrint**  
Top in Padprinting

# Pad printing machine with automatic pad cleaning

The LCN 151 is a compact and robust pad printing machine that has been fine-tuned for performance. The LCN 151 is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines

we use only top quality world class components and our workmanship is unparalleled.

## Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **1 year** limited warranty.

## Technical data

Printing capacity without pad cleaning:	up to 1'800/hr
with pad cleaning:	up to 1'200/hr
Drive:	pneumatic
Printing force:	max. 1100 N
Pad stroke:	max. 170 mm
Compressed air supply:	5–6 bar (87 psi)
Air consumption:	135 l/min
Control system:	PLC Panasonic
Main voltage:	110–240V /50-60Hz
Control voltage:	24 VDC
Weight machine:	61 kg
Weight stand:	22 kg
Dimensions:	see illustration
Plate size, closed system:	max. 150 x 300 mm
Plate thickness:	0.5 or 10 mm
Cup size:	Print:
Ø 120 mm	Ø 110 mm
Ø 140 mm	Ø 130 mm
Number of colors:	1
